Red Sea Housing provides remote accommodations for workforces, whether you need a self-contained wellsite trailer, or a multi-unit dormitory complex.
Expandable, Versatile, Comfortable Accommodations

Red Sea Housing Services provides remote accommodations for workforces large or small for over 65 countries, onshore or offshore as required by its customers. Whether you need a self-contained trailer, or a multi-unit dormitory complex, we have a solution for you.

Our modular units are designed to house field staff as well as management staff, providing comfortable accommodations and amenities. We offer and support a robust selection of housing options. Whether it is triage, temporary, mobile or permanent housing, we can provide safe, clean and temperature controlled housing. Beds, cots, linens and laundry services are provided in concurrence with customer specifications. Luxury room amenities are available as requested. Ensuring safety, all electrical, lighting, and fire detection and protection units are installed to the highest industry accepted standards.
